PROJECTS

BEST NJ HOME INSPECTIONS, LLC SITE
Developed a website for a small business.
Check out the site here!

WIPPL WEB APPLICATION
Created an application using Ionic for remote workers to enter data while conducting remote tests. Check out the code on GitHub!

SBREUSABLE ANDROID APPLICATION
Created an android app with a team to allow campus students to post giveaways of unwanted or unneeded items to engage the community and prevent wasteful habits. Here's our team's repository!
